THE NEWSLETTER OF UNITY OF THE VALLEY ——— DECEMBER 2006

Little lambs in our 2005 Unity Christmas Celebration.

If you no longer wish to receive this mailing, please mark the box and return to Unity of the Valley. Thank you!

To someone special:

## Letter from Rev. Polly Dozier

Dear Friends,

What a delight it is to arrive in the midst of your wonderfully warm Unity family during the Christmas season! Thank you so very much for your special greeting and words of welcome. I feel the depth and breadth of your precious community. It will be a unique privilege to serve you and work with you and your board, the staff, the ministry leaders, and all of the volunteers, members, and friends of Unity of the Valley.

With the beautiful season of love upon us, we will surely see even more deeply that we are all bound together in Spirit. And in Spirit, love will accomplish great things!

Recall with me the uplifting melody and words of "Joy To the World":

*He rules the world with truth and grace, and makes the nations prove the glories of His righteousness, and wonders of His love....*

Let us each one choose to allow our minds and hearts to receive the blessing of the wonder of Christ Love. There is no great mystic's feat, but rather it is the simple result of your decision to hold to the pure, faith-filled vision of the Christ child within you.

The Christ child within is always born in consciousness when we

believe in the immediate and constant flowing of God's goodness, no matter what circumstances seem to indicate. The Christ child within can always see the emerging patterns of good in everyone and in everything, and that is the wonder of His love.

## Letter from the Board of Directors

Dear Friends,

The approach of the new year heralds a time of transition and new beginnings for Unity of the Valley.

The board has selected Rev. Polly Dozier to be our transitional minister. With 30 years as a Unity Minister, Polly brings many gifts to our community.

Polly will help guide us through the next phase, which will include the selection process for a Senior Minister. A selection committee will be formed, consisting of congregants and board members, and will begin this process after the first of the year.

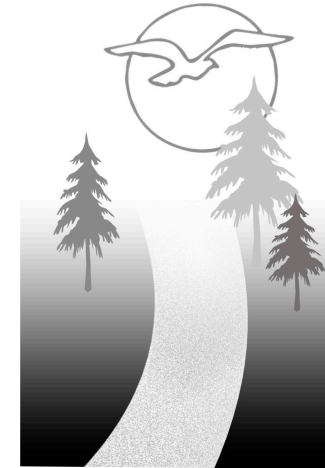

These are exciting times at Unity of the Valley, and there will be many opportunities for all of us to contribute our time, talent, and treasure to the future growth of our community.

Please join us as we welcome Polly and celebrate our continuing journey as a thriving spiritual community.

Thank you for your support, and many blessings for a prosperous and peaceful new year.

*Your Board of Directors*

# The Transforming System: Unity Events to Transform Our Lives

Throughout the month of January, Unity will offer a series of events titled “The Transforming System” that will expand your awareness of possibilities and give you practical, everyday techniques with which to change your hidden potential into visible reality.

*Your life is like a lamp that was destined to be placed on a high stand so that the world around you can see it shining.*

—Matthew 5:15

## 1 The Master Mind Principle

*For where two or three are gathered in my name, there I am in the midst of them.”*  
—Matthew 18:20

### Master Mind Principle

Tuesday & Thursday  
January 2 & 4  
7:00 to 9:00 PM

Leslie Maguire will facilitate this class on a method of powerful prayer. Through the **Master Mind Principle**, you combine your own strength with that of at least one other person and that of a Higher Power. The principle is based on an ancient premise that the combined energies of two or more like-minded persons is many times greater than the sum of the individual energies involved.

The Master Mind Principle also teaches that other like-minded individuals can believe for you—

and accept as true for you—things you may find difficult to believe for yourself.

Every person on this planet is a personalized expression of the Master Mind and, therefore, has the innate ability to tap into its power, genius, and wisdom.

### The Master Mind Prayer Process is:

- Two to six people meeting regularly in an atmosphere of trust and harmony for the purpose of providing mutual support and encouragement.
- A powerful tool for self-discovery, growth, and transformation.

### The Master Mind Principle is:

- The sum of multiple energies coming together becoming many times greater than the individual energies.
- Others believing for you what you find difficult to believe for yourself.

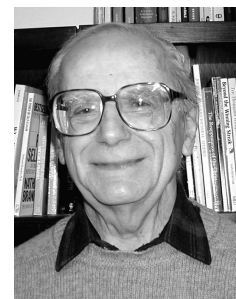

Leslie Maguire will facilitate The Transforming System. She first attended Unity of the Valley in 1993.

Leslie practices the art of looking within. Using art, writing, and insight meditation, she has been a practitioner of Deep Self-Exploration for over 12 years.

In her home studio, she offers small group classes, weekend workshops, and private sessions to support others in their own journeys of self-discovery.

# The Spiritual Enrichment Corner

by the Rev. Edgar Peara

Edgar Peara was a registered Christian Science Practitioner and New Thought minister. He continues his practice of spiritual therapy.

Our religion teaches that our creative mental work or prayer’s goal is not so much to *get* something as to *be* something.

Right now there is within you a basic creative goodness, even perfection, waiting for you to discover and express it. In a similar sense, all of

the wonders of your adult body were in you when you began as one cell in your mother’s reproductive system. That zygote developed to become the adult you are today.

As a baby you didn’t have to get, or add to yourself, the adult body you have today. Normal growth and development resulted from your simply experiencing a guiding, marvelously fulfilling pattern that made you subject to its will and good pleasure for you.

Today you already have a spiritual, perfect life and selfhood that wants to develop and become apparent. You don’t need to get or add to yourself that magnificent being you are right now. You become that marvel of fulfillment—health, love, abundance, and joy—through acknowledging that perfection is your true present identity and by opening your thought to recognize and accept it.

“Beloved, now you are the child of God” [I John 3:2].

Your task is to acknowledge that reality and to regularly think, “I include and want to express the wonder of the perfect life within me. I open myself to, and am fully receptive to, all the wonders of that life—grace, happiness, and abundance—it wants me to enjoy right now.”

### Trust In Abundance

Gandhi wrote, “Manifestation is an act of trust. It is the soul pouring itself out into its world, like a fisherman casting a net to gather in the fish he seeks. With each cast properly made, we will bring what we need to us, but first we must hurl ourselves into the depths without knowing just what lies beneath us.”

## 2 Personal Inventory

*Of all knowledge, the wise and good seek most to know themselves.* —William Shakespeare

### Personal Inventory Workshop

Thursday, January 11  
7:00 to 9:00 PM

A **personal inventory** is a fact-finding—and fact-facing—journey into your mind. The journey represents the beginning of a new way of life, because it helps you move swiftly and directly toward increased self-awareness and an enhanced self-image. It helps you develop a clearer idea of who you are and what your beliefs are.

The purpose of your personal inventory is to look at your character traits and review both your strengths and your limitations. With total honesty, you take stock of your feelings, beliefs, and attitudes to discover what is good and desirable as well as to search out the character flaws that have become obstacles to your growth. It then will be possible for you to determine where your life is working well and where it is lacking and needs work. It will reveal the inner mental and emotional state of mind that controls your outer circumstances.

## 3 Goal Setting & Achieving

*Whatever the mind of man can conceive and believe, it can achieve.* —Napoleon Hill

### Goal Setting Workshop

Thursday, January 18  
7:00 to 9:00 PM

Your spirit gives you the power to create for yourself a full, beautiful life. The process of **setting goals** enables your creative imagination to build a dream so real and so vivid that it must come true for you. Setting specific, positive, attainable goals—in writing—is the first step along the road to achieving them.

## 4 The Image Book

*A man's life is dyed the color of his imagination.* —Marcus Aurelius

### Image Book Workshop

Thursday, January 25  
Beginning at 6:30 PM

An **Image Book** is a powerful tool for renovating our belief systems; that is, the way we feel about ourselves and the way we see and experience the world.

- Your Image Book appeals directly to the part of your brain that responds to feelings and images.
- By focusing the energies of your mind upon the qualities you want to express, the things you want to have, and the events you want to experience, your creative imagination will cause them to become reality.

### Mystical Nature of Chant

The third Sunday of each month  
7:00 to 8:00 PM  
Facilitated by Netti Garner, D. Min.  
Love offering basis

During chanting, the words, musical tones, and chord progressions create vibrations that broaden the pathway as we awaken to our mystical nature. This practice draws one deeper into the awareness of one's life purpose, as well as contributes to the wholeness of our community, locally and globally. A period of silence follows each chant to allow for the vibrations to settle deeply into our consciousness. As the Gospel of Mary Magdalene relates: "It was in the silence that the Teacher spoke."

### Be still. Be still. Be still.

God in the midst of you is substance. God in the midst of you is love. God in the midst of you is wisdom. Let not your thoughts be given over to lack, but let wisdom fill them with the substance and the faith of God. Be still and know that at this moment your heart is the altar of God, of love; love so sure and unending, love so irrepressible and magnetic that it draws your supply to you from the greatest storehouse in the universe.
